

BARRIE RUGBY CLUB

2026 Sponsorship Package

Direct-impact partnerships tied to visible club needs

Barrie Rugby Club has built this package so sponsors can directly fund equipment, infrastructure, or a signature club asset.

Tiered Sponsorship Levels

Barrie Rugby Club offers tiered sponsorship opportunities for partners who want to make a broader impact across the club. These levels provide increasing visibility, recognition, and connection to our athletes, families, and supporters. Sponsorship helps fund equipment, player development, club infrastructure, and community-building initiatives, while giving businesses meaningful exposure through a respected local sport organization.

Direct Item Sponsorship Menu

Barrie Rugby Club's direct sponsorship model allows businesses and community partners to sponsor a specific item, piece of equipment, or club asset. This approach gives sponsors a clear understanding of where their support is going and creates a direct, visible connection between the sponsor and the club. Where feasible, sponsor logos are placed on the sponsored item and remain there for the life of that item. Contact us for more information, or to discuss other sponsorship.
